**CRITICAL APPEAL: Need to Co-Sponsor HR 2733**

Dear Representative **[NAME OF REP]**:

Please Co-sponsor HR 2733 immediately to prevent the foolishness of the SEC depriving Middle America of a valuable guaranteed, insurance product!

In all my years as a life and annuity agent, I have never seen such foolishness as the SEC seeking to call a fixed indexed annuity – or FIA – a security so that the SEC can expand its jurisdiction. FIAs are guaranteed insurance products fully regulated by insurance regulators that will be harmed by SEC intervention.

This foolishness is only heightened when one considers the poor job the SEC did with Madoff and the whole “market meltdown” last year!

Please call Congressman Greg Meeks to become an HR 2733 Co-sponsor today! This is the most critical issue to me in the current legislative session and I will be following it closely.

Regards,
