URGENT: Please Co-Sponsor Rep. Greg Meeks (D-NY) HR 2733

Dear Representative **[NAME OF REP]**,

Please contact Congressman Meeks to become a Co-sponsor on Representative Greg Meeks bill, HR 2733, which will nullify SEC Rule 151A. Indexed annuities are insurance products, not securities.

As an independent insurance agent my livelihood and the security of my family are at risk because of this "midnight rule" from the last administration enacted by the SEC. Like many Americans, I find the SEC has proven that they are not capable, when it comes to protecting consumers. I don't understand why the SEC now finds it time to regulate a product that has protected literally \$500 billion dollars of client's retirement savings while the stock market has declined in excess of 40% during 2008.

This regulation will ultimately harm my business and that of countless others, for no reason whatsoever.

We need congress to act immediately and I, along with many, many others, am counting on your Co-sponsorship!

Sincerely,
